

LOVE AFFAIR WEDDINGS

is a division of Contemporary Photography ~ nancy miller www.nancymillerphotography.com It was founded for the bride who wants a very simple concept for her wedding dream. It does not include albums or the large time allotted to post-production time in photoshop as is included with Contemporary Photography. We pass the savings on to our couples as a result. We have been in business in Sarasota for going on fifteen years and service Sarasota, Bradenton and areas from Venice to Anna Maria Island. We know most every venue. Our photographers are all seasoned wedding photographers as their only profession. We use the finest of equipment and lenses.

PHOTOGRAPHY ONLY PRICES as of 6/2011
